

Campus Ministry Report for Sept. 26-Sept. 30, 2011

Jason Lester – Area Director

Below are four incredible **Game Changing** reports from four of our area schools last week. Just more examples of how God is working in and through the lives of our young people on our area campuses. Enjoy, share, and be blessed!

Joab Rico – FCA Huddle Coach, Gainesville Middle School

Text messages from last week:

Sept. 26th 11:06am– *"6 more souls turn to CHRIST!"*

Sept. 26th 12:36pm - *"one more...thirsty soul...wow..."*

Sept. 29th 10:57am– *"1 more soul. Friends brought him. He received!"*

Sept. 30th 8:40am – *"7 more souls...out of Bibles."*

Blake Anderson – FCA Huddle Coach, Chestatee High

*"We had our first corporate Huddle meeting of the year last week and we got off to a great start! After focusing on small group discipleship since August, we had students from the team/small group Bible studies attend the Huddle meeting that would have never done so in the past! Clay Baird and Micah Massey from Free Chapel did an awesome job leading us in worship and the Word! We had around 70 students there, but more importantly....**we had 5 make first-time decisions to make Jesus Christ their Lord and Savior!**"*

Gareth Allcott – Head X-Country & Head Girls Soccer, West Hall High

"Jimmy Gault invited two of his cross country colleagues to church (last weekend I think). Both gave their lives to Christ, and one of them was baptized last night. (The other wanted to, but out of respect for his parents' wishes, is going to wait). I just thought that it was encouraging on two counts: First, Jimmy is not a Bible-thumping leader, but he does lead by example. His work ethic is second to none, and the responsibility with which he exercises his captain's role is exemplary. He led those two young men to the path which drew them to Jesus, in my opinion, because he is a servant of God who truly walks in obedience.

Second, this season has seen Jimmy have his struggles in terms of health and performance, but he has never lost sight of what is truly important: his eternal standing in Christ. I really believe those two young men recognized in Jimmy something that they were desperately searching for... and now they've found it!"

Deb Eidson, FCA Huddle Coach & Head Volleyball Coach, Johnson High

"Michael (JHS Football Player & FCA Huddle Leader) was in his math class last week where they were having a test. Everyone seemed nervous about the test. Michael proceeded to say, "Let's just pray." The teacher did a double take, knowing that is not a typical response for a student in high school. The teacher responded that she wasn't allowed to hold a prayer at school, especially with students who don't approve. Michael quickly asked, "Is there anyone who doesn't want me to pray?" No one responded as all eyes were on Michael. He got the go ahead from the teacher, and didn't hesitate to start the prayer. The prayer went something like this: "God, help each student in this class do the best they possibly can on the test we are about to take. May we remember everything we have seen, heard, or spoken. Also, allow each football player to perform to the best of their ability tonight. Help there to be no injuries as we play tonight. Thank you for all you do. Amen." Can you imagine how this went down in the classroom? This is a kid who has all the right to be mad at God, mad at the world but he chooses to praise God. His testimony speaks volumes. What he did in the classroom does as well."
